

Specialist Services Shared Inbox Contact List

About Specialist Services Clinicians

Specialist Services Clinicians are regionally based and line managed but are part of a state-wide program. Program and clinical support is provided through the Principal Specialist Services Clinician, Specialist Practice, Office of the Chief Practitioner.

Questions related to specific children are best directed towards Specialist Services Clinicians supporting the Child Safety Service Centre with case management for the child. The contact list below contains the shared inbox address for each region.

Generic program question can be directed the shared program inbox monitored by Specialist Practice, Office of the Chief Practitioner.
